The American Revolution The Occurrence American Revolution was justified as it had tremendous ramification on different spheres of the American nation. The revolutionary war affected the politics, economy and democratic advancement and contributed to the emancipation of the American people from the oppressive rule of the British.

These eight original essays by a group of America's most distinguished scholars include the following themes: the meaning and significance of the Revolution; the long-term, underlying causes of the war; violence and the Revolution; the military conflict; politics in the Continental Congress; the role of religion in the Revolution; and the effect of the war on the social order. This is the product of the celebrated Symposium on the American Revolution held in 1971 by the institute. Originally published 1973. A UNC Press Enduring Edition -- UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlog that were previously out of print. These editions are published unaltered from the original, and are presented in affordable paperback formats, bringing readers both historical and cultural value.

An account of the Revolutionary War as it was reported in period newspapers and broadsheets draws on primary sources on both sides of the conflict and is complemented by modern analysis from 37 historians.

To the original text of what has become a classic of American historical literature, Bernard Bailyn adds a substantial essay, "Fulfillment," as a Postscript. Here he discusses the intense, nation-wide debate on the ratification of the Constitution, stressing the continuities between that struggle over the foundations of the national government and the original principles of the Revolution. This detailed study of the persistence of the nation's ideological origins adds a new dimension to the book and projects its meaning forward into vital current concerns.
