Difference between Motions to Strike, Suppress, and in limine?

A motion in limine is a motion filed by a party to a lawsuit which asks the court for an order or ruling limiting or preventing certain evidence from being presented by the other side at the trial of the case. Generally, this motion is filed in advance of the trial, but a motion may be entertained by the court during a trial, before the evidence in question is offered.

A motion in limine, and a motion to compel discovery was ...

You make a motion in limine before a trial starts. In your motion, you can argue that the judge should exclude certain information, usually because the information has no real relevance but will be unduly prejudicial to you. Once you complete your motion, you can file it with the court where you are scheduled to have your trial.
