Although this book as beautifully presented, it doesn't give any guides to any of the missions or collectable's. It is simply a list of characters, playsets and power discs. Doesn't tell you anything you don't already know from playing the game. I was looking for a walk through guide, which this is definitely not!

With mission hints, power disc profiles, checklists and more, this Official Guide is a must-have for every Disney Infinity fan.

Examines the characters, gadgets, and vehicles of the video game.

For decades, Marvel Comics' superhero group the Avengers have captured the imagination of millions, whether in comics, multi-billion dollar grossing films or video games. Similar to the chronology of the Marvel Cinematic Universe, the Avengers video games first started with titles driven by single characters, like Iron Man, the Hulk, Thor and Captain America. Over time, the games grew to include more and more heroes, culminating in playing experiences that featured the Avengers assembled. This is the first-ever book assessing the video games starring "Earth's Mightiest Heroes." Featured games span consoles and platforms, from popular PlayStation and Xbox titles to an arcade game in danger of being lost to time. All video games are covered in depth, with each entry including game background and a detailed review from the author. Some game entries also include behind-the-scenes knowledge from the developers themselves, providing exclusive details on the Marvel video game universe.

This Step 2 Step into Reading leveled reader is the perfect way to introduce boys and girls to Jack Sparrow
