Papers from the June 2001 Symposium on Metrology of Pedestrian Locomotion and Slip Resistance present the latest research findings on both how much friction pedestrians require during ambulation and how to measure the friction available between the walkway surface and the shoe bottom. Some specific

"Royall Tyler's translations are nothing short of superb!crisp, restrained, ably balancing the ribald and the profound."!Booklist Sensitive, compassionate, and indomitable, Mistress Oriku has abandoned the pleasure trades of Tokyo to run an elegant teahouse on the city's outskirts. Despite her hopes for a quieter, less hectic life, she finds she can't escape her involvement in the city's creative, intellectual and political circles. Oriku finds herself the subject of unanticipated attention, because along with her passion for music, theater and storytelling, she offers her own invaluable talents: a vibrant appreciation of life, an unparalleled gift for hospitality, and the maturity and sensitivity necessary to instruct young people in the all-important arts of love. Her independent thinking and love of Tokyo's traditions offer a unique perspective on the surprising complexity and contradictions of the Japanese culture of the era. Now available in English for the first time, Japan's beloved Mistress Oriku is filled with clear-eyed nostalgia for the vanished!and entirely captivating!world of old Tokyo.

This title covers Vauxhaull/Opel Astra hatchback and estate models, 1.4 and 1.6 litre petrol engines, and 1.3, 1.7 and 2.0 litre diesel engines.

Developments in trade marks law have called into question a variety of basic features, as well as bolder extensions, of legal protection. Other disciplines can help us think about fundamental issues such as: what is a trade mark? What does it do? What should be the scope of its protection? This volume assembles essays examining trade marks and brands from a multiplicity of fields: from business history, marketing, linguistics, legal history, philosophy, sociology and geography. Each chapter pairs lawyers' and non-lawyers' perspectives, so that each commentator addresses and critiques his or her counterpart's analysis. The perspectives of non-legal fields are intended to enrich legal academics' and practitioners' reflections about trade marks, and to expose lawyers, judges and policy-makers to ideas, concepts and methods that could prove to be of particular importance in the development of positive law.

The QRI-5 has long led the field in offering students and teachers alike a reliable and easy-to-use informal assessment instrument. This Fifth Edition continues to emphasize authentic assessment of children's reading abilities, from the most emergent readers to advanced readers. One of the keys to the success of the QRI-5 is that it contains narrative and expository passages at each pre-primer through high school level. All are self-contained selections highly representative of the structure and topic of materials found in basal readers and content-area textbooks. This new edition includes new narrative texts that are even easier than the pre-primer passages previously included. At the same time, it provides graded word lists and numerous passages designed to assess the oral reading, silent reading, or listening comprehension of a student as well as questions to assess prior knowledge. Instructors can measure comprehension by retelling passages, using implicit and explicit questions, and using other devices. What's New in the QRI-5? # Narrative texts even easier than the pre-primer passages previously included, as well as another narrative to all primary grade levels. # Passages at pre-primer through second grade levels that are presented with and without pictures. # Map and illustrations as part of expository selections at fourth through high school levels. # Accompanying DVD content has been expanded to include \* Examples of students reading orally \* Scored protocols to accompany readings \* Directions for administering each segment of the QRI \* Tables/Charts that increase consistency of administration, scoring, and interpretation \* All student and examiner copies
