God's War is the first book in a sci-fantasy series about bounty hunters, magical bugs and an unending holy war, Bel Dame Apocrypha. For a book about bug-powered magic, it was surprisingly tame on the bug side of things. Yes, this is my first complaint because I had hoped for more, far more detail.

Her favorite problem-solving solution is punching people in the face. Then maybe chopping off some heads. Hey—it's a living. Nyx's disreputable reputation has been well earned. After all, she's trying to navigate an apocalyptic world full of giant bugs, contaminated deserts, scheming magicians, and a centuries-long war that's consuming her future. Managing her ragtag squad of misfits has required a lot of morally-gray choices. Every new job is another day alive. Every new mission is another step toward changing a hellish future—but only if she can survive.

The final instalment of the Bel Dame Apocrypha trilogy from Hugo-award winner Kameron Hurley Nyx is back, alongside the bel dame sisterhood of assassins. Although the centuries-long war is over, civil unrest is rife, and the fate of one kidnapped politician could be the catalyst for a bloody regime change. shifters, torturers and bio-tech magicians have a new mission: save a life to save a country. ***** Make sure you've read the rest of the series: 1. God's War 2. Infidel 3. Rapture

The sequel to Hugo Award-winning author Kameron Hurley's acclaimed debut *God's War* continues the story of Nyx, a former assassin caught up in civil war on a bizarre far-future alien planet. The only thing worse than war is revolution. Especially when you're already losing the war... Nyx used to be a bel dame, a government-funded assassin with a talent for cutting off heads for cash. Now she's babysitting diplomats to make ends meet and longing for the days when killing was a lot more honorable. When Nyx's former bel dame "sisters" lead a coup against the government that threatens to plunge the country into civil war, Nyx is tasked with bringing them in. The hunt takes Nyx and her inglorious team of mercenaries to one of the richest, most peaceful, and most contaminated places on the planet—a country wholly unprepared to host a battle waged by the world's deadliest assassins. In a rotten nation of sweet-tongued politicians, giant bugs, and renegade shape shifters, Nyx will forge unlikely allies and rekindle old acquaintances. And the bodies she leaves scattered across the continent this time... may include her own. Because no matter where you go or how far you run in this world, one thing is certain: the bloody bel dames will find you.

After years in exile, Nyxnissa so Dasheem is once more a bel dame, part of a sisterhood of elite government assassins trained to a cut a target's head off without remorse. But the end of a centuries-long war has thrown her native land of Nasheen into turmoil. A huge influx of unemployed—and unemployable—young soldiers have brought Nasheen to the brink of civil war, even as an alien spaceship stations itself in orbit above the capital. With aliens in the sky and revolution on the ground, Nyx figures it's a good time to get the hell out of Nasheen, so she assembles a team of renegades, shape-shifters, magicians, and mercenaries to rescue a missing political leader who may be the difference between peace and bloodshed. Just one problem: the politician is an old enemy whom Nyx once left to die in a ditch . . .

A stunning new epic fantasy from two-time Hugo Award winner Kameron Hurley. On the eve of a recurring catastrophic event known to extinguish nations and reshape continents, a troubled orphan evades death and slavery to uncover her own bloody past... while a world goes to war with itself. In the frozen kingdom of Saiduan, invaders from another realm are decimating whole cities, leaving behind nothing but ash and ruin. At the heart of this war lie the pacifistic Dhai people, once enslaved by the Saiduan and now courted by their former masters to provide aid against the encroaching enemy. Stretching from desolate tundra to steamy, semi-tropical climes seething with sentient plant life, this is an epic tale of blood mages and mercenaries, emperors and priestly assassins who must unite to save a world on the brink of ruin. As the dark star of the

cataclysm rises, an illegitimate ruler is tasked with holding together a country fractured by civil war; a precocious young fighter is asked to betray his family to save his skin; and a half-Dhai general must choose between the eradication of her father's people or loyalty to her alien Empress. Through tense alliances and devastating betrayal, the Dhai and their allies attempt to hold against a seemingly unstoppable force as enemy nations prepare for a coming together of worlds as old as the universe itself. In the end, one world will rise - and many will perish. File Under: Fantasy [Orphaned Child | World at War | Blood Magic | The Fluidity of Gender]

Meet Edinburgh Detective Inspector Liz Kavanaugh, head of the Innovative Crimes Investigation Unit, otherwise known as the Rule 34 Squad. They monitor the Internet for potential criminal activity, analyzing trends in the extreme fringes of explicit content. And occasionally, even more disturbing patterns arise... Three ex-cons have been murdered in Germany, Italy, and Scotland. The only things they had in common were arrests for spamming—and a taste for unorthodox entertainment. As the first officer on the scene of the most recent death, Liz finds herself sucked into an international investigation that isn't so much asking who the killer is, but what—and if she doesn't find the answer soon, the homicides could go viral.

“[A] thought-provoking space opera.” –Kirkus Reviews “One of the most unusual and powerfully disturbing space operas we’re likely to see this year.” –Chicago Tribune Set within a system of decaying world-ships travelling through deep space, this breakout novel of epic science fiction follows a pair of sisters who must wrest control of their war-torn legion of worlds—and may have to destroy everything they know in order to survive. Somewhere on the outer rim of the universe, a mass of decaying world-ships known as the Legion is traveling in the seams between the stars. Here in the darkness, a war for control of the Legion has been waged for generations, with no clear resolution. Zan wakes with no memory, prisoner of a people who say there are her family. She is told she is their salvation, the only person capable of boarding the Mokshi, a world-ship with the power to leave the Legion. But Zan’s new family is not the only one desperate to gain control of the prized ship. Zan finds that she must choose sides in a genocidal campaign that will take her from the edges of the Legion’s gravity well to the very belly of the world. In the tradition of Iain M. Banks’s Culture novels and Roger Zelazny’s Chronicles of Amber, Kameron Hurley has created an epic and thrilling tale about tragic love, revenge, and war as imagined by one of our most celebrated new writers.

Loyalties are tested when worlds collide... Every two thousand years, the dark star Oma appears in the sky, bringing with it a tide of death and destruction. And those who survive must contend with friends and enemies newly imbued with violent powers. The kingdom of Saiduan already lies in ruin, decimated by invaders from another

world who share the faces of those they seek to destroy. Now the nation of Dhai is under siege by the same force. Their only hope for survival lies in the hands of an illegitimate ruler and a scullery maid with a powerful – but unpredictable –magic. As the foreign Empire spreads across the world like a disease, one of their former allies takes up her Empress’s sword again to unseat them, and two enslaved scholars begin a treacherous journey home with a long-lost secret that they hope is the key to the Empire’s undoing. But when the enemy shares your own face, who can be trusted? In this devastating sequel to *The Mirror Empire*, Kameron Hurley transports us back to a land of blood mages and sentient plants, dark magic, and warfare on a scale that spans worlds.
