Olympos Ilium 2 Dan Simmons

These were all great weird beach reads I found in Chincoteague: "The Raw Shark Texts" by Steven Hall, "The Scar" by China Miéville and the "Ilium/Olympos" books by Dan Simmons.

Beneath the gaze of the gods, the mighty armies of Greece and Troy met in fierce and glorious combat, scrupulously following the text set forth in Homer's timeless narrative. But that was before twenty-first-century scholar Thomas Hockenberry stirred the bloody brew, causing an enraged Achilles to join forces with his archenemy Hector and turn his murderous wrath on Zeus and the entire pantheon of divine manipulators; before the swift and terrible mechanical creatures that catered for centuries to the pitiful idle remnants of

Read PDF Olympos Ilium 2 Dan Simmons

Earth's human race began massing in the millions, to exterminate rather than serve. And now all bets are off.

The Trojan War rages at the foot of Olympos Mons on Mars -- observed and influenced from on high by Zeus and his immortal family -- and twenty-first-century professor Thomas Hockenberry is there to play a role in the insidious private wars of vengeful gods and goddesses. On Earth, a small band of the few remaining humans pursues a lost past and devastating truth -- as four sentient machines depart from Jovian space to investigate, perhaps terminate, the potentially catastrophic emissions emanating from a mountaintop miles above the terraformed surface of the Red Planet.

The Trojan War rages at the foot of Olympos Mons on Mars -- observed and influenced from on high by Zeus and his immortal family -- and twenty-first-century professor Thomas Hockenberry is there to play a role in the insidious private wars of vengeful gods and goddesses. On Earth, a small band of the few remaining humans pursues a lost past and devastating truth -- as four sentient machines depart from Jovian space to investigate, perhaps terminate, the potentially catastrophic emissions emanating from a mountaintop miles above the terraformed surface of the Red Planet.

This masterfully crafted horror classic, featuring a brand-new introduction by Dan Simmons, will bring you to the edge of your seat, hair standing on end and blood freezing in your veins. It's the summer of 1960 and in the small town of Elm Haven, Illinois, five twelve-year-old boys are forging the powerful bonds that a lifetime of change will not break. From sunset bike rides to shaded hiding places in the woods, the boys' days are marked by all of the secrets and silences of an idyllic middle-childhood. But amid the sundrenched cornfields their loyalty will be pitilessly tested. When a long-silent bell peals in the middle of the night, the townsfolk know it marks the end of their carefree days. From the depths of the Old Central School, a hulking fortress tinged with the mahogany scent of coffins, an invisible evil is rising. Strange and horrifying events begin to overtake everyday life, spreading terror through the once idyllic town. Determined to exorcise this ancient plague, Mike, Duane, Dale, Harlen, and Kevin must wage a war of blood--against an arcane abomination who owns the night...

Hailed as "one of the finest achievements of modern science fiction" by The New York Times Book Review, *The Hyperion Cantos* is a triumphant odyssey into the heart of space and time. Through four riveting novels, Dan Simmons masterfully weaves such influences as classical mythology, romantic poetry, and far-future philosophy into an ambitiously conceived and unfailingly entertaining epic. Now, for the first time, this entire masterpiece of the imagination is available in one extraordinary eBook bundle: **HYPERION THE FALL OF HYPERION ENDYMION THE RISE OF ENDYMION** On the planet Hyperion, beyond

the reach of galactic law, waits a creature called the Shrike. There are those who worship it. There are those who fear it. And there are those who have vowed to destroy it. On the eve of Armageddon, with the known universe at war, seven pilgrims set forth on a final voyage to Hyperion seeking the answers to the unsolved riddles of existence. As the Shrike anticipates their mission, each traveler nurtures a desperate hope—and harbors a terrible secret. And one may hold the fate of humanity in his or her hands. Praise for *The Hyperion Cantos* “For vastness of scope, clarity of detail and seriousness of purpose, Simmons’s epic narrative is on a par with Isaac Asimov’s *Foundation* series, Frank Herbert’s *Dune* books, Gene Wolfe’s multipart *Book of the New Sun* and Brian Aldiss’s *Helliconia* trilogy.”—*The New York Times Book Review* “Dan Simmons has brilliantly conceptualized a future 700 years distant. In sheer scope and complexity it matches, and perhaps even surpasses, those of Isaac Asimov and James Blish.”—*The Washington Post Book World* “State of the art science fiction . . . This work will be that against which all future works will have to be measured, in the same way, in their time, that Asimov’s *Foundation* series and Le Guin’s *The Left Hand of Darkness* set new standards.”—Asimov’s “Simmons’ own genius transforms space opera into a new kind of poetry.”—*The Denver Post* “A major work . . . Simmons doesn’t just promise; he delivers.”—*Science Fiction Chronicle*

Jeremy Bremen has a secret. All his life he's been cursed with the ability to read minds. He knows the secret thoughts, fears, and desires of others as if they were his own. For years, his wife, Gail, has served as a shield between Jeremy and the burden of this terrible knowledge. But Gail is dying, her mind ebbing slowly away, leaving him vulnerable to the chaotic flood of thought that threatens to sweep away his sanity. Now Jeremy is on the run--from his mind, from his past, from himself--hoping to find peace in isolation. Instead he witnesses an act of brutality that propels him on a treacherous trek across a dark and dangerous America. From a fantasy theme park to the lair of a killer to a sterile hospital room in St. Louis, he follows a voice that is calling him to witness the stunning mystery at the heart of mortality.

The "masterfully chilling" novel that inspired the hit AMC series (*Entertainment Weekly*). The men on board the *HMS Terror* – part of the 1845 Franklin Expedition, the first steam-powered vessels ever to search for the legendary Northwest Passage – are entering a second summer in the Arctic Circle without a thaw, stranded in a nightmarish landscape of encroaching ice and darkness. Endlessly cold, they struggle to survive with poisonous rations, a dwindling coal supply, and ships buckling in the grip of crushing ice. But their real enemy is even more terrifying. There is something out there in the frigid darkness: an unseen predator stalking their ship, a monstrous terror clawing to get in. “The best and most unusual historical novel I have read in years.” –Katherine A. Powers, *Boston Globe*

When Paha Sapa, a young Sioux warrior, "counts coup" on General George Armstrong Custer as Custer lies dying on the battlefield at the Little Bighorn, the legendary general's ghost enters him - and his voice will speak to him for the rest of his event-filled life. Seamlessly weaving together the stories of Paha Sapa, Custer, and the American West, Dan Simmons depicts a tumultuous time in the history of both Native and white Americans. Haunted by Custer's ghost, and also by his ability to see into the memories and futures of legendary men like Sioux war-chief Crazy Horse, Paha Sapa's long life is driven by a dramatic vision he experienced as a boy in his people's sacred Black Hills. In August of 1936, a dynamite worker on the massive Mount Rushmore project, Paha Sapa plans to silence his ghost forever and reclaim his people's legacy-on the very day FDR comes to Mount Rushmore to dedicate the face.

Beneath the gaze of the gods, the mighty armies of Greece and Troy met in fierce and glorious combat, scrupulously following the text set forth in Homer's timeless narrative. But that was before twenty-first-century scholar Thomas Hockenberry stirred the bloody brew, causing an enraged Achilles to join forces with his archenemy Hector and turn his murderous wrath on Zeus and the entire pantheon of divine manipulators; before the swift and terrible mechanical creatures that catered for centuries to the pitiful idle remnants of Earth's human race began massing in the millions, to exterminate rather than serve. And now all bets are off.

The magnificent conclusion to one of the greatest science fiction sagas of our time The time of reckoning has arrived. As a final genocidal Crusade threatens to enslave humanity forever, a new messiah has come of age. She is Aenea and she has undergone a strange apprenticeship to those known as the Others. Now her protector, Raul Endymion, one-time shepherd and convicted murderer, must help her deliver her startling message to her growing army of disciples. But first they must embark on a final spectacular mission to discover the underlying meaning of the universe itself. They have been followed on their journey by the mysterious Shrike--monster, angel, killing machine--who is about to reveal the long-held secret of its origin and purpose. And on the planet of Hyperion, where the story first began, the final revelation will be delivered--an apocalyptic message that unlocks the secrets of existence and the fate of humankind in the galaxy.
