New York Times bestselling author Life After Death, the hip-hop generation's beloved and most compelling storyteller, delivers a powerful story about love and loyalty, strength and family. In her bestselling novel, *The Coldest Winter Ever*, Sister Souljah introduced the world to Midnight, a brave but humble lieutenant to a prominent underworld businessman. Now, in a highly anticipated follow-up to her million-selling masterpiece, she brings readers into the life and dangerously close to the heart of this silent, fearless young man. Raised in a wealthy, influential, Islamic African family, Midnight enjoys a life of comfort, confidence, and protection. Midnight's father provides him with a veil of privilege and deep, devoted love, but he never hides the truth about the fierce challenges of the world outside of his estate. So when Midnight's father's empire is attacked, he sends Midnight with his mother to the United States. In the streets of Brooklyn, a young Midnight uses his Islamic mind-set and African intelligence to protect the ones he loves, build a business, reclaim his wealth and status, and remain true to his beliefs. Midnight, a handsome and passionate young man, attracts many women. How he interacts and deals with them is a unique adventure. This is a highly sensual and tremendous love story about what a man is willing to risk and give to the women he loves most. Midnight will remain in your mind and beat in your heart for a lifetime. Much communication today argues a point. An argument, by definition, involves an attack and a counterattack not only using logic, but also incorporating non-logical feelings, attitudes, beliefs, and values. Much of the non-logical element in our argument taps the reservoir of unconscious understandings, feelings, expectations, and values that we have coded and stored in our unconscious minds in the form of stereotypes, schemas, and typifications. Our internal packets of stored values and beliefs may constitute our own worst enemy as they militate against creative thought and forward-looking change. At the same time, they may provide solace for our inner being and provide a framework for developing persuasive campaigns to further our interests. The book takes us through the persuasive process, particularly as it is used in terrorist persuasive settings and as it has been used in some of the major propaganda battles of the twentieth and twenty-first centuries.
