The Pontiac Solstice Book traces this remarkable new roadster from beginning to end - conception through development and on into production. This panoramic, oversized (9x12 inches) hardcover books eight chapters, 130 pages and 192 color pictures highlight the GM designers, engineers and managers who transformed Bob Lutz's idea into reality in a record 27 months. The book goes into extensive detail about the turbocharged GXP, V8 conversions, the Solstice as race car, manufacturing processes and what's available in the way of accessories and options. The book's author is engineer/racer/writer Gary Witzenburg. Bob Lutz, GM's global vice chairman, contributed the foreword. If ever you've lusted after a true American sports car and one of Detroit's greater performance bargains, the Solstice is it. Here's a car that's a pleasure to look at and a kick to drive. Read all about it in The Pontiac Solstice Book.

This text has been developed through extensive research to reflect both the new practices and traditional concepts that instructors feel are important for students to know. Starr uses real-world themes such as quality, technology, people and teamwork, globalization, service and manufacturing, environmental awareness and initiatives, and problem solving. Four real-world cases are included spotlighting Tom's of Maine, Rosenbluth International, Global Concepts Inc. at Celestica's Facility in Little Rock, and the Saturn Corporation on quality, service, smart technology, and the environment, respectively. This text follows a systems approach that is both systematic and constructive. Starr integrates OM decisions with the functional areas of business whose challenge is to make the firm perform as a team. It combines the methods of analysis and synthesis, which lead to better decisions and problem-solving skills for complex situations.
