Creation is a blessing. The act of creating is a blessing. In everything that we do, we should strive to see the blessings around us and to be a blessing ourselves. We serve a great God, the God of blessing.

A reworking of the traditional Christian creation myth has the first Man and Woman eating of the tree of knowledge before the fruit is ripe, and when God sees what they have done, he explains to them that they now need to explore the four paths: wonder, e

The personal teachings from the Holy Spirit upon the life of James Robert Sims are meant to be shared with others. This book offers first hand experience of the commandment God placed on mankind using seed as the illustration. Understanding seed and the inescapable directive to reproduce after the image and likeness from which it came, enables those that operate in the spirit to fully utilize those favorable traits. It also enables those that are aware, of the opportunity to separate themselves from traits unlike the image and

Likeness of God. This book begins with seed and ends with seed. It traces the journey of seed and how it is directly related to blessings. Those that continually lived their life in accordance with the will of God, were blessed, and their seed was blessed. This book is a must read for those wanting to maximize the gifts and talents that God graciously bestowed upon them.

one of the ways to foster and support a child's faith development. They can find role models in the positive characters in literature, and develop empathy for others when they see a different point of view presented. Children's Books that Nurture the Spirit is an introduction to quality children's literature for spiritual development. The most current and readily available children's literature is reviewed by the author. In addition, Granahan suggests ways for leaders to use and extend the literature.

The Thematic Continuity in  
the Prophets -- New  
Testament -- Conclusion.

A method of  
interpretation--a  
hermeneutic--is  
indispensable for  
understanding Scripture,  
constructing theology, and  
living the Christian life,  
but most contemporary  
hermeneutical systems fail  
to acknowledge the  
principles and practices of  
the biblical writers  
themselves. Christians today  
cannot employ a truly  
biblical view of the Bible  
unless they understand why  
the prophets and apostles  
interpreted Scripture the

way they did. To this end, Abner Chou proposes a "hermeneutic of obedience," in which believers learn to interpret Scripture the way the biblical authors did--including understanding the New Testament's use of the Old Testament. Chou first unfolds the "prophetic hermeneutic" of the Old Testament authors, and demonstrates the continuity of this approach with the "apostolic hermeneutic" of the New Testament authors.

The author would take his readers on a ride from the Self-Revelation of the I-AM that the Lord God is with Moses, through King David,

to the I-AM of the Messiah  
of Israel and of the  
Incarnation, and to the I-AM  
of the Dogma of the Church  
as the People of God. It is  
argued that the Grace and  
Truth of the Lord God cannot  
rightly be grasped in all of  
their depth in the world  
without becoming able to  
integrate both the  
continuity and the  
discontinuities of this  
Revelation with us, even in  
our own times.

The New Millennium epoch is full of abundant spiritual lessons. God reveals His character through His names. Therefore, fourteen different names of God in Genesis are translated from Hebrew into English. This commentary is written from the perspective of a medical doctor. There are many medical insights to be gained from Genesis on human sexuality, the menses, aging and its physical and psychological processes, the dying process, and the care of the dying patient and his/her family. The account of the creation in Genesis, and from other parts of the Bible, is compared to
