"The Story of World War II" taught me a lot about the great war of nations. Great, of course, in the sense that even still it's hard to believe that the whole thing actually took place in a space in time, less than a hundred years ago.

Martin Gilbert, the official biographer of Winston Churchill, offers a complete history

of World War II. It

began with the German invasion of Poland on

September 1, 1939. By

the time it came to an

end on V-Day - August 14, 1945 - it had

involved every major power, and had become global in its reach.
