Tygodnik Panorama to przegląd najlepszych artykułów z prasy polskiej, wzbogacony o wiadomości, sport, rozrywkę i plotki. W tygodniku Panorama znajduje się też Panoramiś - dodatek dla dzieci. Tygodnik Panorama jest dostępny bezpłatnie na terenie Londynu oraz jako gazeta płatna poza Londynem w newsagentach, kioskach z prasą oraz w wybranych sklepach sieci ASDA na półkach z prasą oznaczonych "Local".

□Kissinger opted for a strategy of accommodation with Moscow, while Brzezinski, claiming that the very nature of Soviet ideology and policies prevents stability, sought strategies for undermining the Soviet system. . . . In retrospect, Brzezinski was proven right and Kissinger was wrong.□ □Shlomo Avineri in the preface Zbigniew Brzezinski, widely regarded as a key actor in the last half-century of American foreign policy, remains a high-profile commentator on current events and an influential critic of some policies of subsequent administrations. His intellect and eloquent wit have made him an irreplaceable and controversial part of the American scene. He continues to fascinate historians, journalists, and conspiracy theorists. This is not a conventional doorstep biography. Instead, Zbig focuses on Brzezinski's critical and underappreciated contribution to the collapse of the Soviet Union—his lifelong mission. Utterly free of illusions about the nature of Communist power, Brzezinski advocated □peaceful engagement□ as the best tactic for exploiting systemic Soviet vulnerabilities. His stand on human rights and his tutelage of and influence on President Jimmy Carter had a profound effect on the course of the Cold War. Zbig also compares Brzezinski with his Harvard rival, Henry Kissinger—a strong proponent of realpolitik. Brilliant as Kissinger is, he did little to change American perceptions of the world in a lasting way. Brzezinski did.

'Try this tequila oil, Hugito. Just as the alcohol hits your stomach, the chilli will as well and blow it back into your brain. It will take your head off.' Explorer Hugh Thomson takes on Mexico. It's 1979, Hugh Thomson is eighteen, far from home, with time to kill - and on his way to Mexico. When a stranger tells him there's money to be made by driving a car over the US border to sell on the black market in Central America, Hugh decides to give it a go. Throwing himself on the mercy of Mexicans he meets or crashes into, Hugh and his Oldsmobile 98 journey through the region, meeting their fate in the slums of Belize City. Thirty years on, Hugh returns - older but not necessarily wiser - to complete his journey.

The true story of one woman's struggle to save her sons from radicalization by Chechen partisans, as told by a seasoned war reporter. In All Lara's Wars, the great events of the last half-century--the realignment of Eastern Europe after the fall of the Soviet Union, and the rise in the Middle East of ISIS and its quest for a new Caliphate--converge in this account of a Chechen-Georgian family whose two sons become radicalized, and how their mother--Lara--travels to Syria by bus and at great risk, not to join them but to bring them home. By then, the older son is a high level commander and the younger son a respected

soldier in ISIS's army. The story is told with a sense of wonder at the contemporary world and all the ways it resembles a primitive and violent land where all struggles are to the death, and there is an epic battle going on between forces of good and evil that cannot be understood other than as mythic and larger than life. Lara is a Kist--one of a tiny ethnicity that crossed the Caucasus mountains a century ago to settle in the remote Pankisi Gorge in northern Georgia, a peaceful and isolated paradise. She married a Chechen, moved to Grozny, and became the mother of two sons. When war came to Chechnya, she took her children home to the safe Georgian valley, and later sent them to Western Europe to live with their father--to protect them from the influence of the radical Islamic freedom fighters who had come to the Pankisi Gorge as refugees from the Chechnyan wars. As in all of Wojciech Jagielski's books, he tells here the story of any modern war, how the individual lives of civilians and combatants are obliterated in the sweep of the larger narrative--and how the humanity of these individual lives is revealed, and the price paid in human endurance and persistence and loss. Jagielski observes, listening to Lara and letting her story emerge through the filter of his literary skill. This unusual reportage tells us the facts of the Chechnyan wars and the reality of the Syrian war from the viewpoint of ISIS recruits, but it is also the true account of one ordinary family that became part of the larger tragedy that has claimed so many victims in recent years.

When an old friend asked him to write a weekly dispatch from New Hampshire for the Mail on Sunday's Night and Day magazine, Bill Bryson firmly turned him down. So firm was he, in fact, that gathered here are nineteen months' worth of his popular columns about the strangest of phenomena -- the American way of life. Whether discussing the dazzling efficiency of the garbage disposal unit, the mind-boggling plethora of methods by which to shop, the exoticism of having your groceries bagged for you, or the jaw-slackening direness of American TV, Bill Bryson brings his inimitable brand of bemused wit to bear on the world's richest and craziest country.

"This book tells what should have been known and isn't--that Israel's hidden force is as formidable as its recognized physical strength." -- Israeli President Shimon Peres For decades, Israel's renowned security arm, the Mossad, has been widely recognized as the best intelligence service in the world. In Mossad, authors Michael Bar-Zohar and Nissim Mishal take us behind the closed curtain with riveting, eye-opening, boots-on-the-ground accounts of the most dangerous, most crucial missions in the agency's 60-year history. These are real Mission: Impossible true stories brimming with high-octane action--from the breathtaking capture of Nazi executioner Adolph Eichmann to the recent elimination of key Iranian nuclear scientists. Anyone who is fascinated by the world of international espionage, intelligence, and covert "Black-Ops" warfare will find Mossad electrifying reading. Mossad unveils the defining and most dangerous operations, unknown heroes, and mysterious agents of the world's most respected--and most enigmatic--intelligence service. Here are the thrilling stories of daring top secret missions, including the capture of Adolf Eichmann, the eradication of Black September, the destruction of the Syrian nuclear facility, and the elimination of key Iranian nuclear scientists. Drawn from intensive research and exclusive interviews with Israeli leaders and Mossad operatives, this riveting history brings to life the brave agents, deadly villains, and major battlegrounds that have shaped Israel and the world at large for more than sixty years.

For any parent who's ever IM-ed their child to the dinner table - or yanked the modem from its socket in a show of primal parental rage - this account of one family's self-imposed exile from the Information Age will leave you ROFLing with recognition. But it will also challenge you to take stock of your own family connections, to create a media ecology that encourages kids - and parents - to thrive. When journalist and commentator Susan Maushart first decided to pull the plug on all electronic media at home, she realised her children would have sooner volunteered to go without food, water or hair products. At ages

14, 15 and 18, her daughters and son didn't use media. They inhabited media. Just exactly as fish inhabit a pond. Gracefully. Unblinkingly. And utterly without consciousness or curiosity as to how they got there. Susan's experiment with her family was a major success and she found that having less to communicate with, her family is communicating more. At the simplest level, *The Winter of Our Disconnect* is the story of how one family survived six months of wandering through the desert, digitally speaking, and the lessons learned about themselves and technology along the way. At the same time, their story is a channel to a wider view - into the impact of new media on the lives of families, into the very heart of the meaning of home.

!-[if gte mso 9] ![endif]-- Read the bestselling book that inspired the ABC television series. As America's Mercury Seven astronauts were launched on death-defying missions, television cameras focused on the brave smiles of their young wives. Overnight, these women were transformed from military spouses into American royalty. They had tea with Jackie Kennedy, appeared on the cover of *Life* magazine, and quickly grew into fashion icons. Annie Glenn, with her picture-perfect marriage, was the envy of the other wives; JFK made it clear that platinum-blond Rene Carpenter was his favorite; and licensed pilot Trudy Cooper arrived with a secret that needed to stay hidden from NASA. Together with the other wives they formed the Astronaut Wives Club, providing one another with support and friendship, coffee and cocktails. As their celebrity rose-and as divorce and tragedy began to touch their lives-the wives continued to rally together, forming bonds that would withstand the test of time, and they have stayed friends for over half a century. **THE ASTRONAUT WIVES CLUB** tells the story of the women who stood beside some of the biggest heroes in American history.
