Ulrich  
SUB TITLE: The Liberating Distinction That Awakens Our Strengths

In this honest book, pastor and author Scott Sauls exposes the real struggles that Christian leaders and pastors regularly face. Sauls shares his own stories and those of other leaders from Scripture and throughout history to remind us that we are human, we are sinners, and we need Jesus to help us thrive as people and leaders. For Christian leaders—both inside and outside of the church—weaknesses that are left unchecked can lead to a downfall that is both public and painful.

Distinction That Awakens Our Strengths Wendy Ulrich

They want to lead with character and live like Jesus, but ambition, isolation, criticism, envy, anticlimax, opposition, restlessness, and insecurity can get in the way. From Weakness to Strength provides leaders with tools to draw near to Jesus and stay encouraged and hopeful, even (and especially) when sin and struggle get in the way.

Most people think of weakness as purely negative, but true Christianity embraces weakness as a way of life. In this collection of meditations on 2 Corinthians, renowned Bible scholar and theologian J. I. Packer reflects on the central importance of weakness for the Christian life. He exhorts readers to look to Christ

# Online Library Weakness Is Not Sin The Liberating

for strength, affirmation, and contentment in the midst of their own sin and frailty. Now in his mid-eighties, Packer mediates on the truths of Scripture with pastoral warmth and exegetical care, drawing on lessons learned from the experience of growing older and coming face-to-face with his own mortality. Overflowing with wisdom gleaned from a life of obedience to Christ and dependence on his Word, this encouraging book ultimately directs readers to the God who promises to be ever-present and all-sufficient.

"This bok will seek to recover a more biblical theology of sin and sanctification ... In particular we will take a fresh look at the

Our Strengths Wendy  
Ulrich

The question of why people act against their better judgment has always been prominent in philosophy. Risto Saarinen presents the first study of ideas about weakness of the will between 1350 and 1650. He shows how the understanding of human conduct and free will changed in this formative period between medieval times and modernity.

Help and hope for men . . .

betrayed by fathers, husbands or male leaders wounded by sexual assault paralyzed by self-hatred Andrew Comiskey sees our weakness as "a threshold for holy power"--the point at which God can meet us for healing and equip us for service. He has seen it happen again and again. During many years of ministry, Comiskey, his wife, Annette, and their fellow "strugglers" have accompanied hundreds of wounded men and women to transformation at the cross of Christ. Telling real-life stories of despair, hope and lasting change, Comiskey lays out the foundations for healing from relational and sexual sin. With chapters focusing on particular areas of vulnerability for men and women, on the battle over

# Online Library Weakness Is Not Sin The Liberating

homosexuality in church and culture, and on the essential role of the church in ongoing healing, Strength in Weakness makes clear the way to the cross--God's sufficient answer to our deepest needs.

The author of *What Would Jesus Deconstruct?* makes “ a bold attempt to reconfigure the terms of debate around the topic of divine omnipotence ” (Choice). Applying an ever more radical hermeneutics—including Husserlian and Heideggerian phenomenology, Derridian deconstruction, and feminism—John D. Caputo breaks down the name of God in this irrepressible book. Instead of looking at God as merely a name, Caputo views it as an event, or

# Online Library Weakness Is Not Sin The Liberating

what the name conjures or promises in the future. For Caputo, the event exposes God as weak, unstable, and barely functional.

While this view of God flies in the face of most religions and philosophies, it also puts up a serious challenge to fundamental tenets of theology and ontology. Along the way, Caputo ' s readings of the New Testament, especially of Paul ' s view of the Kingdom of God, help to support the “ weak force ” theory. This penetrating work cuts to the core of issues and questions—What is the nature of God? What is the nature of being? What is the relationship between God and being? What is the meaning of forgiveness, faith, piety, or transcendence?—that define the terrain of contemporary

## Online Library Weakness Is Not Sin The Liberating

philosophy of religion. “Caputo comes out of the closet as a theologian in this work.”

—Catherine Keller, Drew University

“Caputo has a gift for explaining Continental philosophy’s jargon succinctly and accurately, and despite technical and foreign terms, this book will engage upper-level undergraduates. Includes scriptural and general indexes . . . Highly recommended.” —Choice

Killing Sin is John Owen's Puritan classic *Mortification of Sin* updated for today. Owen tackles the age-old challenge for the Christian: how to put to death the power of sin over our lives. This is something that is impossible through man-centered self-help or self-denial. But with God all things

# Online Library Weakness Is Not Sin The Liberating

are possible. Though we will never be completely free of sin while alive in this world, by putting our faith on Christ with an expectation of His help, the Holy Spirit will bring the His cross into our hearts with all its sin-killing power. Owen tells us why it is imperative for the Christian to be killing sin in his life, what it actually means to kill sin, why only a Christian can do it, why it is only possible through the power of the Holy Spirit, and how we can avail ourselves of the power of the Spirit to kill sin through gospel faith in the death and resurrection of Christ. Owen's original *Mortification of Sin* was written in 17th century English that is extremely difficult to understand. This *Killing Sin* translates Owen into contemporary

# Online Library Weakness Is Not Sin The Liberating

English that is easy to read without dumbing it down so people today can read this very important book on a most critical topic.

In this practical book every occurrence of *astheneia* and its cognates in the Pauline Epistles is examined, both in its immediate context and in its relation to Pauline thought as a whole. The analysis begins, first, by examining both secular and Septuagintal Greek usages of *astheneia* as well as its usage in the non-Pauline New Testament writings. It then proceeds, secondly, by defining Paul's *astheneia* termini from letter to letter and context to context. All the passages in the Pauline literature where the words appear undergo a detailed exegetical

# Online Library Weakness Is Not Sin The Liberating

examination. The Pauline weakness motif is then summarized, with the conclusion that the concept of weakness is foundational to Paul's anthropology, Christology, and ethics.

This volume examines the medieval understanding of Aristotle's "weakness of the will" ("akrasia, incontinentia"). The medieval views are outlined on the basis of five major commentaries on Aristotle's "Nicomachean Ethics" between 1250 and 1350.
